

Faculty	Engineering and Applied Technologies
Department	III Genetic Engineering
The position in the state of functions	11/III
Function	Associate Professor
The subjects in the education plan	Regulations in the field of seed and planting material production; Management and conservation of genetic resources; The use of biotechnologies in the development and multiplication of cultivars.
Scientific field	Biotechnologies
Job description	The position of associate professor, for an indefinite period, vacant, no. 11/III, provided in functions list of the teaching and research staff, approved for the academic year 2024-2025, contains a norm of 12.00 conventional hours, ensured by course hours and practical works, with the following distribution by discipline: Regulations in the field of seed and planting material production, carried out in 1st semester with the 2nd year master's students of the study program Breeding and seed production in cultivated plants, Faculty of Engineering and Applied Technologies: 1 work formation with 2 hours of cours/week, an average of 2.50 conventional hours/year; Management and conservation of genetic resources, carried out in 1st semester with students of the 4th year, study program Horticulture, Faculty of Engineering and Applied Technologies: 2 hours of course/week, and 1 work formation with 2 hours of practical works/week, an average of 3.00 conventional hours/year; Management and conservation of genetic resources, carried out in 2nd semester with students of the 3rd year, study program Genetic Engineering, Faculty of Engineering and Applied Technologies: 2 hours of course/week, and 1 work formation with 2 hours of practical works/week, an average of 3.00 conventional hours/year; The use of biotechnologies in the development and multiplication of cultivars, carried out in 1st semester with students of the 3rd year, study program Genetic Engineering, Faculty of Engineering and Applied Technologies: 2 hours of course/week, and 1 work formation with 3 hours of practical works/week, an average of 3.50 conventional hours/year;
